

QC Teaching at HATCH (Watertown Free Library's maker space)

As part of the Grant from the Watertown Community Foundation, QC members will be teaching basic sewing and quilting skills at HATCH. Each class runs from 7 - 9 PM on Mondays. At the end of class students will be able to take home a completed project. As a special surprise to the students we will be gifting them two items they can choose from a donation box of quilting related items. Hopefully it will encourage them to keep sewing!

WE NEED MEMBERS WHO WILL PARTICIPATE AS TEACHER ASSISTANTS DURING THESE CLASSES. CAN YOU HELP? EMAIL membershipgrowth@quiltersconnection.org.

Missy Shay

Striped Stripped Hot Pads

Using the technique of strip piecing to make a hot pad for use under your favorite hot food or beverage. We will use different widths of fabric to create the top of the pad, with a layer of batting between that and the backing.

English Paper Piecing.

A great way to join hexagons using a hand done whip stitch so they meet perfectly at the corners. The fabric is basted to paper shapes. Many small projects can be made this way including coasters, picture "frames," and appliqué embellishments.
